

CANOEING

Nocturnal Mondego River

Penacova - Coimbra

**From
25€**

DESCRIPTION

Night time descent of Mondego River, the largest Portuguese river, in a section of approximately **8 km**, carried out on **full moon nights**, which provides a **completely different perspective of the river**. With the **natural light** of the moon illuminating the route, visibility is reduced, making the **experience more sensory, immersive and peaceful**. The silence, the calm of the night and the absence of the typical daytime heat create a **unique atmosphere**, much appreciated during the **summer months**. The natural surroundings take on another dimension, allowing for a more **intimate connection with the river**.

The **activity is accompanied by experienced guides**, who ensure guidance and safety throughout the entire route.

Recommended season: spring and summer (June to September), on full moon nights.

What to bring?

Warm, lightweight clothing to wear under your wetsuit (e.g., lycra), as even in summer the nights are cold and contact with water cools the body. If you are not using neoprene boots, it is recommended to wear old sneakers that can get wet.

You should also bring water, a snack (sandwiches, fruit or energy bars), dry, warm clothes for the end of the activity, and a towel.

Almoço

Each participant must bring their own packed food. We recommend sandwiches, energy bars, etc.

Alternatively, contact us directly to receive lunch options from restaurants, catering, or pre-made snacks to complement your activity!

Recomendações

During periods of higher water flow, the descent depends on an assessment on the day itself and may be cancelled. Participation is not recommended for those under 16 years of age in autumn and winter. Glasses must have a safety cord. It is not recommended to bring electronic equipment; valuables should be kept in a backpack and nothing should be visible in the vehicles.

Perfect for groups!

Night adventure!

Safe and peacefull!
