

# CANOEING

## Vouga River

### Pessegueiro - Sernada do Vouga

From  
21€

## DESCRIPTION

Canoeing descent of Vouga River in a section of approximately 12 km, between Pessegueiro do Vouga and Sernada do Vouga, in the municipality of Sever do Vouga.

During the **winter and spring months**, or whenever the upstream dam is operating, the descent **features some rapids**, making the route more dynamic. If there is no turbine operation, the **descent remains interesting**, although it **may be necessary to start the route further downstream** on the river.

The **surrounding landscape** is one of the **highlights**, passing by the **Santiago Bridge** and the **old Vouga Railway Line**, currently adapted as an ecotrail.

This descent is not recommended during the summer months due to the low water levels.
