

CLIMBING WALL

At a location of your choice!

From 700€ /day

DESCRIPTION

Rental, assembly, and monitoring of a mobile climbing wall, 6 to 9 meters high and 2.5 meters wide, equipped with two climbing routes of varying difficulty levels. This is a safe and appealing activity, suitable for public and private events, parties, schools, promotional activities, and team building, appropriate for children, teenagers, and adults.

The activity is always supervised by specialized instructors who ensure the correct use of the equipment, the safety of participants, and compliance with technical standards. The wall allows for a high turnover of participants, making it ideal for events with large crowds.

In addition to the climbing wall, there is the possibility of adding:

- **Rappel**, in supported and/or suspended versions
- **Slide**, extending up to 100 meters
- **Climbing net**, approximately 7.5 meters high

These options allow you to create a **complete adventure circuit**, adaptable to the available space and target audience.

We offer customized quotes, tailored to the number of days, location, dates, type of event, and logistical conditions, guaranteeing flexible solutions suited to each client.
